### THE RHYME OF SHARDS

The shards of True Death are key,  
Scattered about on levels three.  
Encased in a prison without a door,  
But only the first, there are five more.

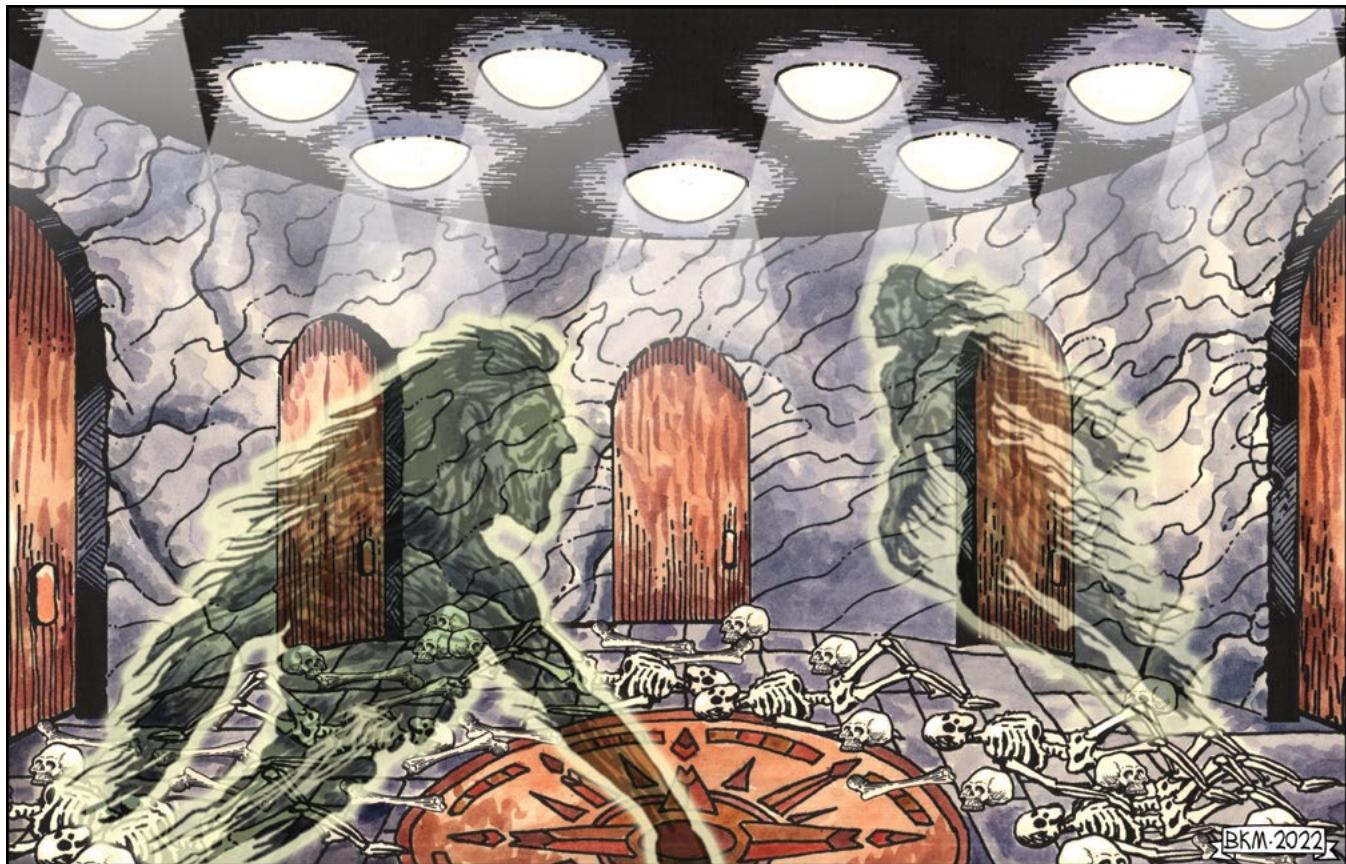

I hold the next shard of True Death,  
but beware of my fiery breath.  
This shard is as safe as it can be,  
Hidden behind the reverse of a party.

Struck fast is this shard,  
Removing it is tortuously hard  
Beyond the constant crimson drips,  
Cloaked in darkness this shard sits.

Lest all hope fade,  
Guarded by gold.  
Solve this riddle of swords,  
The last shard behold.

ONCE BEFORE, THE CRYPT WAS LOOTED.  
THE ROBBER BORE ONE SACK OF GOLD;  
HIS HENCHMAN STOUT BORE TWO SACKS.  
TO PROCEED, YOU MUST WALK THE PATH  
OF HE WHO BORE THE HEAVIER LOAD.

To cross this chamber safely,  
Don't be hasty.

But be careful how you choose.

### TRUE DEATH

Weapon (longsword), legendary (requires attunement)

*True Death* is a sentient *defender* longsword. You gain a +3 bonus to attack and damage rolls made with this magic weapon.

The first time you attack with the sword on each of your turns, you can transfer some or all of the sword's bonus to your Armor Class, instead of using the bonus on any attacks that turn. The adjusted bonuses remain in effect until the start of your next turn, although you must hold the sword to gain a bonus to AC from it.

**Magic.** *True Death* can cast *fly* and *globe of invulnerability*, two times per day each, using its Intelligence as its spellcasting ability. It saves at least one use of each power to complete its special purpose (see below).

**Sentience.** *True Death* is a sentient lawful good weap-on with an Intelligence of 18, a Wisdom of 10, and a Charisma of 18. It has hearing and darkvision out to a range of 120 feet.

**Personality.** *True Death*'s special purpose is to finish the task it began centuries ago: defeat the Devil Lich at any cost.

**Bane, artifact, +4 longsword:** INT: 18; Communication: speech and telepathy; AL: L; Banes: chaotic creatures (damage +1d4 [2] + ability score drain). Roll 1d5: (1) strength, (2) stamina, (3) agility, (4) intelligence, (5) personality); vampires (Fort save vs. 10+ to-hit for half damage from vampires); liches (all creatures within 120' must make a contested Will save or attack the lich, treat as +3); special purposes: destroy Chalychia, serve its wielder, slay chaotic creatures; SP detect invisible 1/day, holy brand (+4 damage to Chaotic creatures), *force manipulation* (result 32+) 1/month, vampiric touch (when inflicting 10 damage wielder heals 1 point), defender (increase bearer's AC by reducing attack bonuses for round), flight 30', life drain 1/day (all creatures within 50' radius suffer 50 points damage, Fort save vs. 18 for half [25]), spell resistance (spells targeting the wielder suffer a -2 spellcheck penalty).
