

THE GOODMAN GAMES 2019 YEARBOOK PRESENTS

DUNGEON CRAWL CLASSICS

RIDERS ON THE PHLOGISTON

One of the most popular releases of the year returns! This annual compilation of articles for DCC RPG includes *Riders on the Phlogiston*, the 2018 Gen Con tournament adventure module. This year's release includes four separate booklets: the adventure module, a player's pack, a judge's pack, and a book of handouts. Your local group can play the adventure just like the tournament format that was used at Gen Con and Origins! In addition, a fifth booklet included herein includes a yearbook of the great new Goodman Games community content from the last year!
