For the third time in the last fifteen minutecycles, you hear a noise from your stomach, and you have a strange craving for a snack. Is someone using a mutant power on you?

Starting Info for Immig-R-ATN

Basic Equipment: Red Reflec Jumpsuit, Utility Belt w/ Pouches, Comm Unit, Notepad & Stylus, Laser Pistol, 1 Red Laser Barrel, 100 Credits

Special Equipment: 6 Commie Prop. (12) Pamphlets

Comrade! The Troubleshooterskis are becoming too efficient at stoppink our planskis. Infect...err...spread the revolution to them with these pamphlets, sabotage their equipment, or kill them! Also "help" all Citizens you can by giving them the knowledge of Ma-R-XXX!

Starting Info for Love-R-BOY

Basic Equipment: Red Reflec Jumpsuit, Utility Belt w/ Pouches, Comm Unit, Notepad & Stylus, Laser Pistol, 1 Red Laser Barrel, 100 Credits

Special Equipment: 1 Charge of Explosives.

Woah, dude, nothing cool has happened in this sector for a few weeks! See if you can liven up the party a little. Also, I hear that Murd-R's been interfering with business on the east side. Why not show him the light of your laser, eh bud?

Starting Info for Murd-R-MEE

Basic Equipment: Red Reflec Jumpsuit, Utility Belt w/ Pouches, Comm Unit, Notepad & Stylus, Laser Pistol, 1 Red Laser Barrel, 100 Credits

Special Equipment: A "Rare" (fake)

Agent Condor, you are to take this piece of synthepaperboard and trade it with one of the others in your Mission Group. You will know that person when they say the phrase "The jig is up". The countersign is "I am down with that." Also see about removing Love-R from your Mission Group, as he has been annoying one of the higher-ups.

Starting Info for Nate-R-BOY

Basic Equipment: Red Reflec Jumpsuit, Utility Belt w/ Pouches, Comm Unit, Notepad & Stylus, Laser Pistol, 1 Red Laser Barrel, 100 Credits

Special Equipment: A picture of "The Nature Boy"

Push the button, Nate! While outside, gather any references you can find to the Old Reckoning. This is a perfect opportunity for you to move up! While you're at it, see if you can arrange a season-ending cliffhanger for Sum-R: he traded us a vidtape that was a total ripoff.

Starting Info for Slaught-R-THM

Basic Equipment: Red Reflec Jumpsuit, Utility Belt w/ Pouches, Comm Unit, Notepad & Stylus, Laser Pistol, 1 Red Laser Barrel, 100 Credits

Special Equipment: 6 Personality Stabilizers.

You remember getting a mental message from your PSION superiors, and a comm call from Internal Security. They went something like this: Nate-R must be a Commie, the way he acts. Find out if Immig-R is a Traitor, and then either get Nate-R to join us or kill Immig-R. (Your head hurts.)

Starting Info for Sum-R-ALL

Basic Equipment: Red Reflec Jumpsuit, Utility Belt w/ Pouches, Comm Unit, Notepad & Stylus, Laser Pistol, 1 Red Laser Barrel, 100 Credits

Special Equipment: A Common

Can you believe that clones are still begging for those Rares after so many yearcycles of us selling them? I hear they'll pay a few hundred credits for just one Rare! They use a sign of "The jig is up"; the countersign is "I hear the market's down from that." Also, Slaught-R has been bad for business in your Mission Group. See about getting that nut out of here.
