EXPLORE THE ELVEN REALM

Be it a relaxing visit to a legendary forest city or a peril-filled journey to a monster-inhabited ruin, the distinctively graceful style of elven architecture adds a magic of its own to any adventure. Paizo Publishing's GameMastery™ line of gaming accessories continues to provide simple and elegant tools for the busy Game Master with the newest GameMastery Map Pack release: *Elven City*. Inside, you'll find 18 beautiful 5" × 8" map tiles that can be combined to form several locations in any elven city. These cards present several different locales, including:

Elven Garden
Elven Library
Forest Platform
Elf King's Hall
Roads and Residences

Game Masters shouldn't waste their time trying to draw out complex elven buildings when the PCs stop by for an unexpected visit. With *GameMastery Map Pack: Elven City*, that idle visit can become one your PCs won't soon forget!
